

RHOADS FARM MARKET & GARDEN CENTER

Rhoads Farm Market & Garden Center has been a family owned business since 1958 and has been growing fresh fruits & vegetables in Pickaway County for more than 53 years. We have been a retailer of plant material for over 40 years, and growing over 100 acres of ornamental and shade trees for over 20 years. In 2011, the business is family operated by Brent, Kathy and children, Brett Rhoads, Carly Neff, & her husband Jeremy.

Plan to visit our garden center & farm market for :

- Holiday Gifts & Décor
- Fresh Holiday wreaths, greens, & porch containers
- Evergreen & Flowering Shrubs
- Ornamental, Shade, and Evergreen Trees
- Holiday Gift Baskets

Fridays, Saturdays & Sundays*

11 a.m.—5 p.m. Beginning Nov. 25th*

Why should I use a fresh cut tree?

Nothing can replace the pure enjoyment of a fresh Christmas tree in your home during the holidays. The fragrance cannot be duplicated, and the excitement of taking your family on a tree-finding hunt is priceless. More people are choosing the outdoor experience of selecting and cutting their own tree.

- The **fragrance** a fresh tree brings to the home will last in your children's memory into adulthood.
- Each year new trees are planted in place of trees that are harvested or otherwise lost.
- The trees absorb carbon dioxide and convert it to oxygen for the **benefit** of everyone.
- **Artificial trees are a petroleum-based product.** The average family uses an artificial tree for only six to nine years before throwing it away, where **it will remain in a landfill for centuries after disposal.**
